JOHN STRUNK HONORED.

The Man Who Has Lived Ninety-four Years in Monroe County Receives a Surprise.

Special to the Scranton Tribune.

Stroudsburg, Pa., Nov. 21.-Within six years of a century and never a day spent outside of Monroe county. Such is the record of the oldest man in this county, John C. Strunk, of Middle Smithfield, who on Monday last was 24 years old.

"Old John," as the aged man is affestionately termed by his legion of friends and relatives here, was tendered a surprise party and entered into the spirit of the day as heartily as the youngest lad in the list of guests. He was just as gay as Mrs. Peter Strunk, his son's "young" wife, who was 60 years old on the same day

as "Old John." The aged resident is spending his Jays now in the home of his son, Peter, and it was here that the party was held in his honor. "Old John" has been blind many years now, but

he recognizes his callers by their voice. "Who is it, Uncle John." they say, and the old gentleman thinks a moment, fixing the voice in his mind, and back comes the answer and always

A sumptuous dinner was the feature of the day and besides the honored guests there sat the festive board many old friends.

Many interesting stories can be written of the old gentleman, who was born, raised and always lived in Middle Smithfield. He and the late Martin Place were old cronies and it was mainly through their endeavors that Stroudsburg was made the county seat of Monroe, instead of going out toward Hamilton, Mr. Strunk is in fairly good health and it is the sincere wish of all who know him that he will round out a full century.

MONTROSE.

Montrose, Nov. 21.-The second week of November court is now in session in this place. Civil cases are occupy ing the attention of court and the work has dragged thus far.

In the case of F. S. Estus versus Asa Macham, the plaintiff did not appear in court, and, on motion of W. D. B Ainey, attorney for defendant, a compulsory non-suit was granted. Same day, E. W. Safford, attorney for plaintiff, withdrew his appearance.

In case of Ruby J. Warner versus B. A. Smith, interpleader, the jury found for plaintiff the property named. In case of Mrs. E. Tingley versus B. A. Smith, interpleader, jury found for plaintiff the property claimed.

The case of Esther Mackey versus Canton Pump company, interpleader, was continued at cost of defendant.

The case of Esther Mackey versus W. C. Rockwell, the Lyon Iron works, of Greene, N. Y., was continued at cost of defendant.

The report circulated generally through the town yesterday that Mrs. day, Isaac Harris had died the night previous proves to be untrue. Mrs. Harris, though feeble, is in her usual health. How the report of her death flginated is probably one of those things which will remain a mystery. News reached Montrose today of a

terrible accident which occurred at Auburn, this county, on Monday, by which a young lad met a frightful death. The unfortunate boy, an adopted son of Robert Costello, of Auburn, started to take a pair of spirited colts to water. He rode one, and tied the halter of the other around his waist in order to lead it. In some way he lost his balance or was pulled from the horse he was riding. This frightened the other horse and it started on a mad run, dragging young Costello on the ground. No one was near at the time to see the direction taken by the frightened animal and its helpless victim, and it was not until 10 o'clock at night that a searching party came upon the object of their search in a lonely spot in the woods. The halter strap had caught around a tree and at its end dangled the lifeless body of the boy. His scalp had been torn off and many bones were broken

Forest City, Nov. 21.-At a meeting of the town council, Tuesday evening. J. F. Gallagher resigned the office of burgess. This step was taken owing to his removal to Moosic, where he has been made foreman of the Hillside company's works. As a citizen and officeholder, Mr. Gallagher has always had the utmost respect for the people of Forest City, and there is general regret at the departure of himself and

his family from this place. The Hillside company has let the contract to John Roderick to run a tunnel from No. 2 mines to the Clifford vorkings. It will be about nine hundred feet long, and a year's time will be required to complete it. When the nel is finished the little railroad on Hudson street will probably be aban-

The Spooners this season have a company that is better than ever and the plays that they are announced to produce are of more pretension than the usual run of popular price plays. The openig bill is "A Soldier of the Empire," a romantic drama in five acts. The play is one possessing a certain amount of historical interest, in that it deals with the return of Napoleon run Ellis and the process. from Elba and the space intervening between that event and his capture and banishment to St. Helena. Count Devore, a royalist, is wanted by the forces of Bonaparte and the warrant for his arrest is placed in the hands of Captain De Montville. The latter meets and falls in love with the sister of the Count, Louis Devere, and she reciprocates the affection. She engages the attention of the captain while her brother escapes from the house. Three months clapse and the captain and Louise are married. Hortense, Madame De Gresand, an employe in the family of Louise, is enamored of the captain and sh notifies the count of the marriage. He returns the day of the wedding ceremony and meets his sister. She is in his arms when her husband discovers them. She cannot reveal his identity

and estrangement between herself and lossbane Peace is finally restored between them by the discovery of the identity of the count, and the captain sacrifices duty to love by tearing up he warrant for his arrest. This, of course, the warrant for his arrost. This, of course, is treason to Bonaparte, but the defeat at Waterloo returns Louis XVIII to power, and he rewards the captain for his fidelity to the count. A pretty vein of comedy runs through the play. Miss Edna May Spooner is a most charming Louise, and the work of Mr. Phillips as the captain is all that could be desired. Miss Cecit has a congenial role and she makes the best of it. Mr. Payton is very clever in the part of an old notary and Mollie Spooner adds to the cess of the play in her part of Madame Girard Between the acts excellent specialties are given, Miss Cecil gives a good exhibition of w shoe dancing. Some new moving pictures are given including a representation of the mas-sacre of a Christian family by the Boxers. The Spooners will appear all next week at the Academy of Music. Sale of sears for the entir week opens Friday morning at 0 o'clock.

THE MARKETS.

Wall Street Review.

Wall Street Review.

New York, Nov. 21, "Today's stock market represented nothing more than the routine progress of a speculative boom. There was a continuance of a large and well distributed den and for stocks and there was very heavy selling to take profits. The result was the same irregularity in price movement which has been more or less the role ever since the phesent speculative period began. The profit taking today somewhat overbore the new buying or at all events the selling movement, showed its greatest force towards the effects of the session. The first hour of the market was furiously active and remarkably steady, the demand being fed so freely as to preclude any sensational advances. But as an impression began to be made on prices, the selling pressure was relaxed showing the careful nursing process of the powerful speculative leaders who are at the head of the present movement. Buying was then diverted to new points, and under cover of the notable advance thus achieved the realizing was resumed. The day closed with the market somewhat overwhelmed with the volume of realizing, although there were some final rallies on short covering. But last prices were near the lowest except in the stocks that had been especially strong. The Grangers were foremest in this list, St. Paul leading with an extreme advance of 3%. Archison common was very heavily bought at an advance of 2%. Brooklyn Transit and local traction stocks, Louisville, and at one time Sugar and People's Gas were also strong points. The Northern Pacific stocks were naturally prominent in the reactionary tendency after yesterday's notable advance and Pennsylvania was also quite weak. The steel stocks yielded to increasing pressure and closed the day generally at net declines. The early strengthin Union Pacific, the Denver and Rio Grande and the St. Louis and San Francisco stocks yielded to increasing pressure and closed the day generally at net declines.
